HARTNELL COLLEGE

OUTLINING THE CANDIDATES

Volume XXXVIII

Salinas, California, Tuesday, October 8, 1968

Number 5

ASB VICE PRESIDENT

BRIAN WATWOOD ASB Vice President

I feel I am qualified for this position and can do the best job for the students of Hartnell because I know the duties, respon-

sibilities and limitations of the vice presidency. But far more important, know that limitations of this office predominantly based personal upon

initiative. I have the incentive to utilize this office to its fullest, and my incentive is the sincere desire to promote student activity on and off the campus.

My plans for this position are: As president of the ICC to encourage not only new and different clubs, but hopefully to prod the older clubs into more activity. As vice president, to assist the president with his duties by trying to be a more effective liason between students and their student government. If elected, I intend to let the students know that there is a vice president and that he does do something.

DON THOMPSON A.S.B. Vice President

I feel I am qualified for this position and can do the best job for the students of Hartnell be-

cause I am interested. In the last few years I have been active in both social and service organizations. I have held offices in both state and national organiza-

tions, and have had the experience to work in a businless like our student body.

My plans for this position are: To correlate the activities of the student commission with the interests of the students. Since the vice president is also president of the Inter-Club Council, I plan to urge more club activities. With the help of these clubs and you students, we can make a college atmosphere equal to and exceeding any other col-

COMMISSIONER OF SOCIAL AC

KAREN DRAKE

Commissioner of Social Activities I feel I am qualified for this position and can do the best job for the students of Hartnell be-

cause in high school and last year at Hart-nell I worked and helped with all the proms and the dances.

Last yea was one step in the right direc-

tion by getting Hartnell's biggest social events, the winter ball here and the spring prom out of the Monterey Fairgrounds. They were held at the San Carlos Hotel in Monterey and at the Outrigger on Cannery Row. This year, however, as your candidate for commissioner of social activities I propose to have good entertainment with much foresight for good music.

BERNIE SALGADO

AMS President

I feel I am qualified for this position and can do the best job for the students of Hartnell be-

cause I held this office last

year, and I know the things that need to be done and HOW to get them done.

My plans for

this position are: to make AMS a CLUB! not just an office; be a true representative of all the men on campus; and, to help get students involved with campus activities. Remember, vot for Berni Salgado for AMS president.

RUBY URUETA MOBY MELLON Commissioner of Social Activities

I feel I am qualified for this position and can do the best job for the students of Hartnell because one of the main reasons why I'm running for this office

my oppoents could do an "akay" job, but I have had a large amount of experience with such matters. I of the need for more social activities

at Hartnell and I have many ideas to confront this problem. I've been chairman of the homecoming dances and Senior Prom and Junior-Senior Balls at my high school, along with several other dances.

My plans for this position are: 1, increase the number of ASB dances; 2, encourage clubs to sponsor more noon dances during college hour and when the rallies are planned to end early; 3, get the bigger and better known bands to perform at the ASB dances; 4, not to limit the number of bands performing for the ASB dances; 5, get more students involved in the different social activities offered by the college. These are just a few of my plans for the coming

Commissioner of Social-Activities

Working for the Panther Sentinel and with the commission has opened up a wide range of ideas for im-

provement. What is more NOW, today. It is fime for Hartnell to be-

gin acting like

a college instead of a high school with ashtrays. If elected, I promise better bands (Quicksilver, Creedance, Spirit, etc.) and much more in the quality and quantity of dances held. Social activities involves more than the Prom and Winter Ball, so don't be sold short-get the most out of this year by bringing the word "College" back to Hartnell. Vote for the only one who can make these promises and KEEP THEM.

RESHMAN CLASS PRESIDENT

DAN ROWLAND

Freshman President

I feel I am qualified for this position and can do the best job for the students of Hartnell because I am a concerned indivi-

dual. I don't believe that experience is absolutely necessary to successfully execute the duties of the office. The most important qualifications are character

and judgment. I feel that these qualities, along with a sincere intelligent approach, make me the best qualified.

My plans for this position are not the type of ideas that can be itemized in narrow categories. Instead, I plan to keep an open mind and introduce ideas which vary from the ideas of past presidents and which are popular with the students. One of my main objectives while in office, however, will be to get on important commission committees to insure that the freshman class receives good and fair represen-

HENNING GATZ Freshman Class President

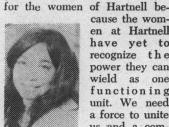

I feel I am qualified for this position and can do the best job for the students of Hartnell because student government is one of the best

ways for us to learn how to make democracy function more efficiently, and I know that I can help make student government more effective.

My plans for this position are: 1) to make student government a more open thing, able to hold the interest and encourage the participation of more students.
a) form a committee of freshman advisors, so that I would be more accurately able to interpret the wants of my class; b) take a survey of student interests, so that I will be able to know what kind of activities the students want (for use in planning activities, etc.); c) start a freshman weekly bulletin informing the freshman class of upcoming activities and of the highlights of the commission meetings.

cause the women at Hartnell have yet to recognize the power they can wield as one functioning unit. We need a force to unite us and a com-

mon goal to preserve that bond. I offer both to the women students of Hartnell and to the men students of Hartnell that I can promise a good year with tremendous enthusiasm for all school projects from the women of AWS.

My plans for this position are: past AWS presidents in the uni- ter citizens if each student, man fying of women students on campus and also to propose new methods whereby Hartnell women may contribute to an exciting and satisfying year at Hartnell. I would like to see AWS as a dynamic force on campus, as one of the clubs for women to belong to.

To the AWS, I can promise good leadership and great ideas for this school year.

ASSOCIATED WOMEN STUDENTS

cause I am involved in the social environment and am fully aware of the psychologineeds and the pressures that confront today's college woman. Prior

experience includes counseling, election to membership in Student Council and selection to executive committee.

My plans for this position are to see that each woman student feels she is an integral part of Hartnell campus life. We are all "full time" students and our to continue in the tradition of meaningful and we will be betand woman, is fully involved in campus activities.

There are 1268 women on the campus: 892 freshmen and 376 sophomore women. We come from Greenfield, Gonzales, Persia, Prunedale, Tokyo, Tallahas-see, Soledad, Salinas, Madrid, Manila, and Chualar.

We are all members of AWS on the basis that we are: 1. WOMEN, and 2. holders of a student body card. But, the real cohesive factor in any organization is the interest each member

ALAN KAFTON Freshman Representative

I feel it is time that the students of Hartnell College had a representative government which would adequately present their needs to the ad-

administration. Part of the duty of this office is to discover what problems exist and how to most effectively resolve them. I believe I am best qualified to do so.

My plans for this position are: to urge competitive pricing in the student store; to create student participation in rallies by improving he content of the rallies; to urge new student parking space; and finally, to press for revised student registration procedures.
